

Float unit for Micro-USB Test Connector

MA030684

OVERVIEW

MA030684 is a float unit for Bluelec Micro-USB2 test plug.

It compensates the possible misalignments between test system mechanics and DUT socket and enables smoother insertion of the test plug.

Default position of floating part is '0' for all axes.
Displacement of Z is needed to allow displacement of X and Y.

SPECIFICATIONS

Displacement Zmax	+0.0 / -0,5 mm
Displacement Xmax@Zmax	+/- 0,3 mm
Displacement Ymax@Zmax	+/- 0,3 mm
Spring force F @ Z0	~10N
Spring force F @ Zmax	~14,5N
